- 5 Public Questions and Comments
Damage to bench A resident had informed the Council about damage to a picnic bench at Chequers Green as a disposal barbeque had been placed on it. The Police had also attended the scene and investigated and believed that it had been a genuine accident. Cllr K Neville believed there maybe some spare slates with which it could be repaired.
Village Sign Post A volunteer had offered to paint the wooden post with the paint left over from repairing the noticeboard.
Chequers Green Footpath Repair Residents had reported issues with the recent footpath repair. This has been reported to Highways.
Bins It had been noticed that some of the bins had been overflowing during the half term holiday. The Clerk confirmed that the contract was for fortnightly collections except for August when it is weekly.
Cross Green dragon's teeth A resident had sent another report regarding the dragon's teeth to further explain the issues as he saw them. The Council noted the report but continued to take the view that installation of dragon's teeth in the new position that had been decided at the Full Council meeting of 15.5.19 (Min 10) would not make entry onto the B3016 from Footpath 23 any less safe. This was because the problem lay with the road layout rather than where the posts were located. Therefore the Council continued to take the view that installation of the posts should proceed as soon as the contractor was able.
- 6 Meeting Dates
RESOLVED
to approve the meeting dates for the year in line with the changes decided at the Annual Meeting. This is approximately every 6 weeks but dates have been set to allow for not meeting in August and December and not leaving too long a gap between meetings. (see Appendix A).
